### SUMMERTIME SPECIAL

## Beat The Heat

Come join us for lessons and fittings in our beautiful air-conditioned practice bays. Keep up your game skills over the summer time with lessons from your Professionals here at the Center.

Please stop by anytime you are in the area to discuss your game and your goals with our staff. Ask them what you should expect in a real fitting. Tell them what you expect from lessons as you want to see actual improvement. Be candid with them regarding your concerns, any disabilities, as well as your goals. We are very proud of the expertise of our Professionals and we know you will have confidence and trust in them. And, best of all, you will get results.
